

Grants, loans and equity capital

The spectrum of subsidies offered ranges from **non-repayable grants, loans and equity-equivalent loans up to equity capital** in form of open or dormant equity holdings.

Subsidies may be used for research and development as well as investments in new buildings or factory equipment. Furthermore, the management of company networks is also promoted.

Subsidies authorities

In cooperation with the Thuringian Development Bank ("Thüringer Aufbaubank?"), we give advice on **subsidies offered at state level**. But we also keep an eye on programmes of the Federal Ministry of Economic Affairs, Technology and Labour and the Federal Ministry of Education and Research to inform entrepreneurs.
